

To assist your business

We have been operating in the Principality of Monaco for 10 years, and we offer your Monaco-based company made-to-measure services, from payment flow management to international trade, with a complete range of financing options. This all comes with the support of a group that works at a regional, national and international level.

Account management and payment methods

- Keep track of your accounts, even those abroad, via the Internet and the new EBICS transmission protocol,
- Find out about our full range of multi-currency Electronic Payment Terminals,
- Use our expertise to launch your on-line business with a retail website.

International

- Manage your accounts in any of the non-Euro currencies,
- Get assistance from our International Department with :
 - Guarantees** : import/export documentary credits, stand-by letter of credit, bank guarantees
 - Dynamic currency risk management** : permanent contact with a front office, management of options and forward positions...
- Finance your export receivables with a dedicated back-up credit line.

Lending

Finance :

- your operation cycle, discounting and factoring with our subsidiary Natixis Factorem,
- your medium to long-term projects and investments with classic loans or leasing via our Bail Azur department that operates in Monaco.
